RoHS Compliancy Statement

It is the belief of Desco Industries, Inc. that all Desco Industries products fall outside the scope of the 2002/95/EC and 2002/96/EC directives, except for the Menda Vacuums, which do comply with the requirements of these directives. These are item numbers: 35844, 35845, 35848, 35849, 35852, 35857.

All other Desco Industries items fall outside the scope of the directives.

8 RoHS categories:

Large household appliances

Small household appliances

IT & telecommunications equipment

Consumer equipment

Lighting equipment

Electrical & electronic tools

Toys, leisure and sports equipment

Automatic dispensers

Electric light bulbs & household luminaries

The European directives are to control hazardous substances (RoHS Reduction of Hazardous Substances) in electrical & electronic tools. A Desco Industries ESD shielding bag is not an electrical or electronic tool. It "is not dependent on electrical currents".

Specifically regarding DII Industries ESD Shielding Bags, none of the following materials are intentionally added in manufacturing:

- Asbestos, asbestos compounds
- Chlorofluorocarbons and halons (Class I and II Ozone Depleting Chemicals)
- Ethylene Glycol Monomethyl Ether and its acetate
- Ethylene Glycol Monoethyl Ether and its acetate
- Polybrominated biphenyls (PBBs) and derivatives including biphenyl ethers (PBDEs) or biphenyl oxides (PBDOs)
- Polychlorobiphenyls and derivatives (PCBs)
- Polychloroterphenyls and derivatives (PCTs)
- Cadmium and cadmium compounds
- Chromium (VI) compounds
- Lead and lead compounds (including lead acetate, lead nitrate, lead sulfate)
- Mercury and mercury compounds
- Halogenated dioxins and furans
- Azo Dyes
- Pb in cable jackets
